

ENGINEER TO ORDER

SPECIAL PROJECT INFORMATION SHEET

Project Description	5AR Industrial torque wrench with integral chain wrench head		
Date created	28 October 2014	Project Number	Q3058

INTRODUCTION & APPLICATION

Oil & gas industry requirement to tighten Ø85-150mm pipe screw connections at up to 1,500 N.m torque.

SOLUTION

5AR Industrial torque wrench with integral chain wrench head for Ø1" - 6" pipes*.

Wrench head partially dismantled for transportation

TECHNICAL SPECIFICATION / DATA HIGHLIGHTS

*Maximum 1,500 N.m torque can only be applied for pipes Ø85-150mm.
Please contact Norbar for torque ratings, should your application be for pipes < Ø85mm.
Calibrated at Ø85 / 700N.m, Ø115 / 900N.m & Ø150 / 1,500 N.m using calibration kit # Q3058.50.
Other pipe diameter and torque ranges can be supplied, please contact Norbar with your requirements.
