

# ENGINEER TO ORDER

SPECIAL PROJECT INFORMATION SHEET

Project Description	Special Reaction / Mounting Plate for Handtorque HT 7		
Date created	28 June 2010	Project Number	Q1951

## INTRODUCTION & APPLICATION

Power generation industry requirement for a torque multiplier to integrate into an emergency hand operated mechanism.

## SOLUTION

Handtorque HT 7 with special reaction / mounting plate.

## TECHNICAL SPECIFICATION / DATA HIGHLIGHTS

Handtorque HT 7 without standard reaction part # 77178  
5:1 torque multiplication  
6,000 N.m maximum torque  
Integral square spigot for mounting customer positioning handle
